

A GLOBAL COMMUNITY

Monash University is truly a global university. Our main base is in Australia, but our presence extends to locations in China, Malaysia, Indonesia, Italy and India. We also deliver awards in partnership with many international teaching institutions. Through our shared values, experiences and goals, we are more connected now than ever.

Each Monash campus has its own personality, and all are friendly, welcoming communities where you'll feel at home.

ITALY

Prato

In the heart of Tuscany and close to Florence, Prato is our European base where eight of our faculties offer units covering design, law, business

MALAYSIA

Kuala Lumpur Monash University Malaysia is our third-largest campus, with more than 8000 students undertaking courses offered across seven schools.

INDONESIA

Jakarta

Research intensive and industry engaged, Monash Indonesia is a postgraduate campus for future leaders – those seeking master's and PhD degrees, as well as executive programs and micro-credentials.

MELBOURNE AUSTRALIA

Clayton

Our biggest campus, home to 38,000 students and nine of our ten faculties. Everything you need is on campus food outlets, sporting facilities, health services and more.

Caulfield

Our Caulfield campus hosts 19,000 students and is our base for Art, Design and Architecture, and Monash Business School as well as some Arts and IT courses.

Parkville

Our dedicated Pharmacy and Pharmaceutical Sciences campus hosts 2000 students and is part of Australia's leading health and biomedical precinct.

Peninsula

A coastal home to approximately 4000 students, our Peninsula campus offers courses from the Faculty of Education and select courses from Monash Business School. Partnering with leading players in primary and allied healthcare, we also offer a number of courses from the Faculty of Medicine, Nursing and Health Sciences.

students opportunities to work closely with industry to find solutions to global problems.

CHINA

Suzhou

The Southeast University-Monash University Joint Graduate School offers masters and PhD study options in areas ranging from industrial design and IT to business.

LIFE-CHANGING RESEARCH

Monash research strives to make a positive difference in the world.

Even before we became the global university we are today, our researchers looked beyond traditional boundaries, discovering ways of approaching the fields in which they worked. It's why a Monash education is so respected around the world. Things that we now take for granted wouldn't exist without the initial work of Monash researchers.

Today, our ambition and optimism are stronger than ever. We have a clear vision of what we want our research to achieve and how we'll help our researchers make it happen.

eBikes pedal up on safety with EEG technology

As more cyclists take to the streets, the risk of accidents also increases. Research from Monash University, IBM Research - Australia and the University of Southampton, have developed an eBike prototype that has the ability to "read" a cyclist's mind and respond to a potentially dangerous situation, providing a much safer and enjoyable ride.

Professor Florian 'Floyd' Mueller, Director of the Exertion Games Lab in the Faculty of Information Technology at Monash University and co-creator of this technology, sees this ground-breaking research as an opportunity to further human-computer interaction experiences in real-time, where the rider and the eBike 'fuse' together to support each other.

Monash researcher named Australian Young Water Professional of the Year

Dr Paul Satur, from the Monash Sustainable Development Institute, has worked to progress the water sector beyond best-practice goals. His passion and focus lie in helping remote, local communities, both in Australia and around the world, to develop the knowledge, tools and influence to ensure access to clean, drinking water.

Breakthrough blood test detects positive COVID-19 results in 20 minutes

Monash University led the charge in combating COVID-19 with the development of blood tests that could detect positive COVID-19 case in approximately 20 minutes.

This breakthrough aided governments and health experts with contact tracing and limiting community spread.

When to send an ambulance

Triple-0 calls can be intense conversations. The caller is often stressed and unsure about what they're witnessing. And it can be difficult for the triple-0 operator to collect and sort through all of the key information. This can sometimes cause delays in making the decision to send an ambulance.

Al can help speed things up. Professor Ann Nicholson is working with Monash IT's Associate Professor Burak Turhan to develop Al technology to improve response times to cardiac arrest. Accordingly to Ambulance Victoria, the development of such a system, could help save up to 185 lives per year.

If you're passionate about tackling global challenges and collaborating with some of the brightest minds in your discipline area, then Monash is the place where your ideas and actions can gain momentum.

Our graduate degrees will give you the edge in the employment market and prepare you for the professions of the future, both in Australia and overseas.

Our industry-relevant courses are embedded with the leadership, entrepreneurial and commercialisation skills that will advance your career. You can take a semester at the King's College London, undertake master's units at the Monash Centre in Prato, Italy, or complete a double master's program with one of our international partners.

Globally connected, our alumni network is at the forefront of social and technological progress at many of the world's best companies. If you aspire to make a positive impact in the world, you'll find Monash learning is all about discovery, creativity, challenge and opportunity.

GET READY TO SEE THE WORLD¹

International placements

Choose from a range of international placements – Asia, Africa, Europe and the US.

Overseas internships

Intern at the United Nations, New York, or Shandong Television in China – just two of many options.

Monash Malaysia

Our Monash Malaysia campus offers students the opportunity to spend a semester at Monash University's third-largest campus which offers a distinctly international and culturally rich environment.

Monash Prato, Italy

Study at the Monash Prato Centre in Italy – offerings include fine art, architecture, Italian and law.

Connect

Connect with 360,000-plus alumni across the globe.

¹ Due to the Covid-19 pandemic, international travel restrictions are in place (at the time of printing). Consequently, our offer of study abroad programs will be dependent on and subject to international travel restrictions. For further information please visit, monash.edu/study-abroad

From day one, a Monash education sets you on the path to future career success.

Our programs and platforms are designed to get you career-ready.

Career Connect

Our Career Connect program gives you access to experienced coaches and industry-based professionals. Take part in employability workshops, small-group career conversations and, in your final year, one-on-one coaching.

monash.edu/career-connect

Student Futures

Our Student Futures platform allows you to collate the real-life skills that will show employers you have what they're looking for, taking into account not just your university activities, but those that are part of your 'outside' life — paid work, family responsibilities and contributing to your community.

monash.edu/student-futures

Develop leadership

While studying, you'll be encouraged to foster the skills for effective leadership that will enable you to positively influence the University, your community and, eventually, the world.

monash.edu/students/leadership

Monash Talent

With our employment service, Monash Talent, you can start your career search without stepping foot off campus. We have a team of recruitment specialists who'll connect you with reputable employers and match you with jobs that suit your skills and passions.

monash.edu/talent

Mentoring

Throughout your studies here, you have the opportunity to mentor or be mentored. You can share or gain insights about life at university, career planning, building employability, as well as future goals.

monash.edu/mentoring

We know that when, where, how and what you study is critical to progressing your career, skills and knowledge.

You might be a professional looking to gain expert knowledge in your current field, or you might be looking for a career change. Or maybe you want to complement your existing knowledge and experience by tackling study in a new discipline so that you develop a competitive edge in your career.

We offer a comprehensive graduate coursework portfolio that includes graduate certificates, graduate diplomas and master's programs. Our range of graduate course options allows you to choose the qualification level and course duration that suits your needs.

Depending on which path you take, you may be eligible for credit for your prior qualifications and/or experience. This could reduce the duration of your course and lower the overall cost.

Graduate certificates

These are our six-month courses, and provide a way to broaden your knowledge base within a shorter period of time. They can give you a sense of what's involved with graduate coursework studies.

Completing your graduate certificate not only provides you with a qualification, it can also create an opportunity for you to pursue further studies in either a graduate diploma or a master's degree, and can shorten your study time should credit be available.

Graduate diplomas

Through our one-year graduate diploma courses, you could develop a broader understanding in your chosen area of study. Completion of a graduate diploma can also provide a pathway to further studies at a master's or doctorate level. If you decide to pursue further studies in your chosen field, you may be eligible for credit which would reduce the overall duration.

Master's by coursework

We offer a broad portfolio of master's by coursework programs, with options available in nine of our faculties. These courses can run from two to four years, and you may receive credit for prior studies and/or experience which would allow you to complete your studies in a shorter time.

Our master's courses provide opportunities for professionals to further develop specialist knowledge in their chosen field, or for individuals to change their career direction entirely and undertake study in a new discipline.

You can see the full list of our graduate coursework offering on pages 22-23.

Whatever your ambition, Monash can help you get there.

WORK WHILE YOU STUDY

Click here to learn more about our work-integrated learning options

From day one, a Monash education sets you on the path to future career success.

WORK-INTEGRATED LEARNING

Our programs and platforms offer work-integrated learning experiences and engagement with industry. You'll develop an enterprising mindset, hone your employability skills and gain a competitive edge in the graduate employment market.

Incorporate professional experience into your studies through clinical placements, fieldwork, study tours, placements, or internships. Each of our ten faculties offer work-integrated learning options. We've listed just a few.

IT and Engineering

Both our IT and Engineering faculties have specific Work-integrated Learning opportunities throughout their graduate offering.

Monash Law School

Monash Law offers a guaranteed clinical education experience for all students who wish to incorporate a practical component credited towards their Monash Law degree.

Monash Business School

Monash Business School offers practical experience with many of their courses, with many of their courses providing accreditation and professional recognition.

Medicine, Nursing and Health Sciences

Our school of Medicine, Nursing and Health Sciences have created placement requirements through many of their graduate courses, all designed to maximise your professional development.

This internship was valuable as it gave me an opportunity to gain practical working experience and at the same time make a meaningful contribution to the future of sustainable infrastructure development."

PRATIK AMBANI Master of Laws (Juris Doctor), 2019

offered internship opportunities where we learn to apply our knowledge and skills in a real-life settings.

My internship with Janssen enabled me to seek guidance from people with years and years of experience within the pharmaceutical industry. Janssen arranged an intern engagement program where I had the opportunity to talk with people from different parts of the company each week. They also involved me in meetings where I could observe how different roles work together in a cross-functional team. I gained an understanding of how much science is involved and how it fits within a pharmaceutical company. This experience opened my eyes to a wide range of roles where science is highly utilised."

ASSIFA NUR HISANA

Master of Biomedical and Health Science, 2020

NO MATTER WHERE YOU ARE

In this video, two professors at different universities join forces to demonstrate quantum physics:

At Monash we offer a mix of both in-person and online learning.

Some Monash courses are offered fully online, while others provide the opportunity to undertake some studies online and some on campus.

We also offer online learning if you're unable to attend on-campus due to current travel restrictions. While travel restrictions are in place you can commence and continue your studies fully supported by our education technologies and academic staff. Once you're able to travel you can transition to on-campus programs.

Online learning at Monash can look different depending on what course and units are studied. For example, in some units, you'll be listening to livestreams of lectures, and attending virtual tutorials via Zoom: in others you'll be watching chemistry pracs recorded by our lecturers and teachers

At Monash, we want you to get the most out of your education experience. To achieve this, we use a variety of tools and platforms to support and enable online learning.

These include Moodle, Echo360, Panopto, and Zoom.

MOODLE

Moodle is an essential go-to point for:

- Course content
- Reading lists
- Assessment and study requirements
- Assignment uploads
- Discussion forums
- Contact information for tutors and lecturers

ECH0360 and PANOPTO

You may use Echo360 to watch lecture recordings or Panopto to upload video assignments.

ZOOM

Zoom is a technology used to facilitate meetings and online classes.

These platforms and tools are the main systems in use by Monash to support day-to-day online learning, and are easy to use with plenty of support available to ensure you have access at all times.

ON-CAMPUS ACCOMMODATION

Our on-campus accommodation is supported by live-in staff and student leaders, making campus life a breeze. There's also 24-hour security on campus, and a thriving events and activities program to help you settle into your new community.

Prices for on-campus accommodation range from \$240 to \$303 per week^.

We also have dedicated graduate wings in our urban community halls exclusively for graduate students. They're quieter and often include shared spaces to study and to connect with your neighbours.

If you're a graduate or mature-aged student you'll be allocated a room within a graduate wing. Applications are free and open in September. You can choose from traditional halls of residence, self-contained studio apartments or shared apartments.

With students from 70 countries and a wide range of facilities on your doorstep, discover why on-campus accommodation is much more than just your room.

monash.edu/accommodation

COST OF LIVING

Before you begin your studies at Monash, it's a good idea to plan and prepare a budget.

Below are some costs associated with living and studying in Australia, and should be used as an approximate guide. These figures (in Australian dollars) are estimates only, and may vary depending on your location and lifestyle. Rent, for example, is more expensive in some areas of Melbourne than others. You may also need spending money for things like medication and other personal items, such as clothes. All costs are subject to inflation.

Depending on your chosen course, additional costs may apply for class materials and other requirements. Please make sure you check any additional costs for your course before commencing your studies.

Off-campus accommodation

Hostels and guesthouses
Rooming houses
Private rental
Boarding schools
\$90 to \$150 per week
\$85 to \$215 per week
\$165 to \$440 per week
\$11,000 to \$22,000 per year

Other living expenses

Groceries and eating out
Gas and electricity
Phone and internet
Public transport
Car (after purchase)
Entertainment
\$80 to \$280 per week
\$20 to \$55 per week
\$15 to \$55 per week
\$150 to \$260 per week
\$80 to \$150 per week

^{*} Prices shown here are based on a typical three-bedroom house

[`]The fees for living on campus at Monash University vary depending on the type of accommodation. On-campus accommodation cost includes gas, water, electricity, internet, residential parking permit and laundry. Details: monash.edu/accommodation/pricing

18 2022 INTERNATIONAL GRADUATE COURSE GUIDE

ACADEMIC SUPPORT

During your studies, you can access academic support programs to improve your written and oral expression, reading, listening and note-taking skills. Tutors are available to guide you through research methodology, conference presentation and the best way of submitting academic papers.

Monash Connect

Monash Connect can advise you on anything from admissions, enrolment, fees, academic support, language support, graduations and scholarships. Student service centres are located on all Australian campuses. We now offer 'live chat' to new and existing students. It's just another way we're making it easier to find out what you need to study at Monash. monash.edu/connect

Monash Postgraduate Association (MPA)

As a Monash graduate student, you'll automatically become a member of the Monash Postgraduate Association, which provides services for graduate students such as social functions, newsletters and publications, advice, advocacy and mediation, and seminars to help you transition from study to a successful career.

mpa.monash.edu

Dedicated learning spaces

We value the work of our research students and have invested in purpose-built facilities that reflect this. The PhD Hub in Building 88, 27 Sports Walk, Clayton campus, is open 24/7 to all graduate research students, while the Graduate Student Hub in Building 89, 21 Sports Walk, Clayton campus, is open from 7am to midnight for our graduate coursework and research students. In addition to these spaces, there are a number of central facilities dedicated to graduate students across our Clayton, Caulfield and Peninsula campuses.

monash.edu/graduate-research/currentstudents/graduate-spaces

Monash Professional Pathways

Through a combination of classroom-based programs (courses) and industry-based learning experiences (internships), Monash Professional Pathways supports those seeking professional experience and careers in Australia. Through us, graduates are better able to secure employment in their chosen fields and perform to employer expectations in their roles.

monashprofessional.edu.au

PERSONAL SUPPORT

Career guidance

Take advantage of our career development programs and individual career counselling. monash.edu/careers

Family support

Monash University is proudly committed to supporting staff and students with family responsibilities by providing discounted fees at four quality childcare centres across Clayton, Caulfield and Frankston. Check the centres' websites for further details, and to organise a tour of the facilities.

monash.edu/childcare

Monash Sport

Monash Sport offers a wide range of group fitness classes, gym memberships, aquatic activities and competitive or social sports. **monash.edu/sport**

Wellbeing

Each Monash campus features a health, wellbeing and development hub with counsellors, medical practitioners, student advisers and a team of people from different faith communities to support you in all facets of university life – from accommodation and financial aid to life-balance issues.

monash.edu/health

Disability support services

If you have a disability or medical condition that impedes your study, the Equity and Diversity Centre will help you access services such as learning support, assistive software or equipment loans.

monash.edu/disability

DID YOU KNOW?

Every Monash campus has a security office that's staffed 24 hours a day. Members of the security team are friendly and always ready to provide help and safety advice. They're also happy to escort you anywhere on campus at any time of the day or night.

Master of ARCHITECTURE

COURSE CODE: F6001 CRICOS CODE: 097034K

Whether you've completed undergraduate studies in architecture or another field, the Master of Architecture meets the academic requirements necessary to register as an architect. At Monash, we develop graduates with a vision to design architecture that responds to the dynamic needs of society while also speculating about the future of our built environment.

In this project-based studio course, you'll be guided by industry experts and award-winning Monash academics. This integrated program of study allows you to select from a range of design studios in conjunction with advanced architectural studies.

Professional accreditation

This course meets the academic requirements for professional recognition by the Architects Accreditation Council of Australia and the Australian Institute of Architects. Two years of professional experience is required for registration.

Entry requirements

ELIGIBILITY	Average requirements ¹	Duration ²
Bachelor's degree (or equivalent) in any field	Distinction (70%)	3 ³
Bachelor's degree in architecture ⁴ (or equivalent)	Distinction (70%) ⁵	2 ⁶

Additional requirements

THREE-YEAR DURATION

You must also provide:

a compilation of evidence of creative work and a statement of intent.

TWO-YEAR DURATION

You must also provide:

- a design folio
- and a curriculum vitae.

Shortlisted applicants may be invited to attend an interview.

Monash English language level

Level A (see page 90).

Career options

- Registered architect
- Drafting and design work
- Government policy advisor
- Project management
- Property or community development

Master of **DESIGN**

COURSE CODE: F6002 CRICOS CODE: 089737A

In a rapidly transforming world, designers need to constantly develop their skillsets, strategic thinking and knowledge to respond with innovative solutions to the developments in their field.

Ideal for both designers and non-designers, this course focuses on four core design studios that will engage you with design systems, services, processes, environments and objects.

Guided by Monash academics and industry practitioners, you'll build technical capabilities and knowledge in design thinking and strategy while developing research capabilities and an entrepreneurial mindset.

Specialisations

- Collaborative design
- Interaction design
- Multimedia design
- Advanced studies in design.

Professional recognition

The Master of Design is a 'recognised course' by the Design Institute of Australia – the peak industry body for professional design.

Entry requirements

ELIGIBILITY	Average requirements ¹	Duration ²
Bachelor's degree (or equivalent) in any field	Credit (60%)	2
Bachelor's degree (or equivalent) in a related field ⁷ , OR		
Bachelor's degree (or equivalent) in any field or relevant expertise ^{7,8}	Credit (60%)	1.5 ⁹
Bachelor's (hons) degree (or equivalent) in any field or relevant expertise8	Credit (60%)	19

Additional requirements

You must provide a current academic and professional curriculum vitae.

Monash English language level

Level A (see page 90).

Alternative exits

- · Graduate Certificate of Design
- Graduate Diploma of Design

Career options

- Interdisciplinary collaborative designer
- Multimedia designer
- Web, UX, UI, animation, or interaction designer

1 In equivalent Monash University grading scale terms, a 100% scale where 50% is a pass. Your prior qualification/s must be accredited to the equivalent Australian level specified in the eligibility requirements table.

Master of URBAN PLANNING AND DESIGN

COURSE CODE: F6004 CRICOS CODE: 093076K

Our Master of Urban Planning and Design places you ahead of the competition by integrating design with policy-based knowledge. You'll develop the technical capabilities and creative capacity to address the big challenges facing our cities.

Guided by Monash academics and industry professionals you'll focus on four project-based learning themes: the compact city, the ecological city, the inclusive city, and planning for metropolitan growth areas. You'll study in real-world environments and engage in lectures, workshops, seminars, field visits, and have the option for international study tours.

Professional accreditation

Master of Urban Planning and Design is accredited by the Planning Institute of Australia (PIA).

Entry requirements

ELIGIBILITY	Average requirements ¹	Duration
Bachelor's degree (or equivalent) in any field ²	High Credit (65%)	2

Monash English language level

Career options

- Strategic planning: private and public sector
- Statutory planning
- Urban design
- Sustainable development
- Community development
- Transport planning

1 In equivalent Monash University grading scale terms, a 100% scale where 50% is a pass. Your prior qualification/s must be accredited to the equivalent Australian level specified in the eligibility requirements table.

Image: Architecture students
work with their peers in smal

Even if you're eligible for a shorter course duration, you may elect to complete the longer duration.
 You must provide a compilation of evidence of creative work, a curriculum vitae and a statement of intent. Shortlisted applicants may be invited for an interview.

⁴ This qualifying bachelor degree must have been completed within five years of the proposed commencement of the Masters program. If you've successfully completed the Bachelor of Architectural Design at Monash, you'll automatically progress to the Master of Architecture.

⁵ You must have achieved a distinction (70%) in the final year of your degree.

⁶ You must provide a design folio and a curriculum vitae. Shortlisted applicants may be invited to attend an interview.

⁷ Related fields may include graphic design, communication design, visual communication, interior design, interior architecture, exhibition design, interaction design, user experience design, multimedia design, motion design, web design, industrial design or product design.

⁸ For example, by relevant graduate certificate in a related field

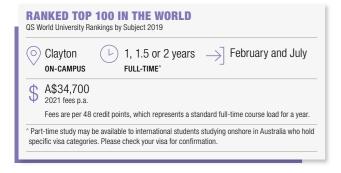

⁹ If you're applying to do the 1.5 or one-year program, you're required to provide 10-15 images of recent original work, clearly numbered with a corresponding list of details attached, and to identify your preferred specialisation.

Create a master's degree that suits you

- Apply for **professional internships** to develop your professional experience and networks
- Go on **study tours** and gain practical, on-the-ground experience both in Australia and abroad
- Create a pathway to a PhD by completing a research thesis as a prerequisite for future enrolment into a PhD or master's
- Take advantage of **leadership opportunities** through our Arts Graduate Leadership Program and gain access to professional development workshops.
- Only available for students completing the two-year option, and commencing in semester one
 Only available for students completing the 1.5-year option. Not available with the Master of
 Interpreting and Translation Studies or the Master of Bioethics.

Master of APPLIED LINGUISTICS

COURSE CODE: A6001 CRICOS CODE: 0826516

As globalisation continues, the demand for English language experts, teachers and intercultural communicators has significantly increased. The application of linguistic knowledge to professional contexts is at the heart of the curriculum. You'll have the opportunity to regularly engage with real-world case studies and practical problem-solving as part of your studies. There's also an extensive fortnightly seminar series where you can engage with guest lecturers from industry and other universities.

Master of **BIOETHICS**

COURSE CODE: A6002 CRICOS CODE: 082652G

Bioethics responds to increasing community concern about ethical issues created by scientific discoveries in the health and biological fields.

Our Master of Bioethics is offered by the Monash Bioethics Centre, established by Professor Peter Singer in 1980 and was Australia's first research centre devoted to bioethics. In 2014, it was designated as a World Health Organization Collaborating Centre for Bioethics, of which there are only six worldwide. You'll work with expert staff who are internationally recognised leaders and active, prominent contributors to public and professional discussions about a variety of issues in the field.

You'll have the opportunity to collaborate with industry and apply for optional internships, both in Australia and overseas.

Entry requirements

ELIGIBILITY	Average requirements ¹	Duration ²

Graduate Certificate of

COMMUNICATIONS **AND MEDIA STUDIES**

COURSE CODE: A4007 CRICOS CODE: 097658M

As a student in the Graduate Certificate of Communications and Media Studies, you're at once part of this media-saturated world but will also learn how to analyse, critique and challenge assumptions about the role of the media

You'll expand your understanding of the key challenges posed by the new economy of digital media, globalisation and increasing levels of cross-cultural exchange. Skill development in critical thinking, writing and presentation in multicultural settings are designed to enhance your career capabilities.

This degree is suitable for emerging professionals in communications and media industries, as well as those wishing to expand their knowledge of this dynamic field. Successful completion of this degree can count toward a Master of Communications and Media Studies for those who desire further study.

Master of ADVANCED FINANCE

COURSE CODE: B6003 CRICOS CODE: 097641J

If you're a recent graduate or a professional already working in the finance industry, this course will give you advanced insight into global financial markets, funds management, corporate finance, financial modelling and risk management.

You'll learn from leading academics in the field of finance as well as industry experts, and the course offers practical ways to apply your knowledge through the trading simulation programs run at Monash STARLab.

You can choose to do a master's by coursework degree, which will give you the opportunity to explore Fintech, environmental finance and big data, or, if invited by the Course Director to apply, and subject to a selective interview process, you can pursue a research pathway, which can act as a pathway into a PhD.

Accreditation and professional recognition

This course is accredited by the CFA Institute, the global association for investment professionals, which awards the international Chartered Financial Analyst designation.

Graduate Diploma of BUSINESS

COURSE CODE: B5001 CRICOS CODE: 069579J

When looking to upskill and advance your career, the key advantage of studying with Monash Business School is our ability to offer choice and flexibility.

Our Graduate Diploma of Business will allow you to explore contemporary business issues, theory and best practice in a discipline of choice. With a wide range of options within the disciplines of marketing, management, accounting, banking and finance, economics or business law, your study at Monash Business School will enable you to develop cuttingedge technical knowledge and skills. You'll also develop important generic skills valued by employers, such as critical thinking, leadership, communication and team skills.

Many units are offered outside business hours or in block mode, which means you can balance your work and study. But if you choose to do the program full-time, you can graduate with a Graduate Diploma of Business in just 12 months. This program will also give you a taste of graduate study, and can be a pathway to a master's degree.

GLOBAL EXECUTIVE BUSINESS ADMINISTRATION

COURSE CODE: B6017 CRICOS CODE: 097693G

The Global Executive MBA is an intensive 15-month program for experienced managers, featuring international modules and a series of weekend modules.

Designed for executives in diverse sectors and professions with a minimum of 10 years' work experience, the program addresses complex, challenging, strategic issues in organisations. The course aims to develop graduates who are global in orientation and who can lead organisations at a senior level. It emphasises contemporary business and organisational challenges, and provides an integrated approach to discipline-based academic content.

The module themes are globalisation, innovation and transformation. The projects, cases and materials are strategic, global and contemporary, and the program has the active involvement of senior industry leaders locally and internationally.

The three international modules are taught by leading business schools in Europe, Asia and America. International business consulting projects in high-tech sectors — advanced manufacturing, life sciences, digital transformation — are also undertaken in these markets.

Entry requirements

Master of

EDUCATIONAL AND DEVELOPMENTAL PSYCHOLOGY

COURSE CODE: D6007 CRICOS CODE: 038585A

Educational and developmental psychologists focus on how people develop and learn throughout their lifetime.

They work with individuals, families, groups and organisations, and have varying roles such as school psychologist, guidance officer, and child and adolescent counsellor. They conduct psychological and educational assessments and instructional planning for exceptional children, adolescents and adults.

You'll apply theory to practice with 1000 hours of supervised professional experience in a range of settings. In a research thesis, you'll develop an evidence-based approach to psychology, carrying out reviews and scientific investigations relevant to the theory and practice of educational and developmental psychology.

As a graduate, you'll be qualified to register as a psychologist with the Psychology Board of Australia (PsyBA). You'll also meet most requirements for membership of the College of Educational and Developmental Psychologists of the Australian Psychological Society.

Professional accreditation

Our Master of Educational and Developmental Psychology is accredited by the Australian Psychology Accreditation Council (APAC) as a fifth and sixth-year sequence in psychology that prepares you to practise as an educational and developmental psychologist in settings including schools, health and welfare services, care facilities and businesses.

Entry requirements

ELIGIBILITY	Average requirements ¹	Duration
A fourth year of psychology study from any course accredited by the APAC, which may be a graduate diploma or bachelor's honours degree ³ . Please note that qualifications need to have been completed within the past 10 years	Distinction (70%) ²	2

Additional requirements

You'll also need to:

- complete a supplementary form that demonstrates evidence of suitability for work as a professional psychologist and includes referee reports (one academic and one professional) and relevant work experience (voluntary or paid).
- · attend an interview.

Applicant checks:

- Working with Children Check (before placement).
- Provisional registration with the PsyBA (before commencing study, and maintain such registration throughout the period of enrolment).
- You must also meet the English language requirements of Monash and of the PsyBA. Consult the PsyBA website to ensure you meet their requirements: www.psychologyboard.gov.au

Applicant checks for off-campus professional experience activities

This course requires you undertake mandatory off-campus professional experience activities. In order to do this, you'll need to:

- submit proof of your registration with the PsyBA
- meet the specific security clearances that apply in whichever state/ territory your professional experience is being undertaken
- complete professional experience orientation provided by the faculty.

Monash English language level

Level D (see page 90).

¹ In equivalent Monash University grading scale terms, a 100% scale where 50% is a pass. Your prior qualification/s must be accredited to the equivalent Australian level specified in the eligibility requirements table.

² You'll need to have achieved a distinction (70%) in your fourth year of psychology. Admission into the course is competitive and may require a higher overall average than the minimum requirement.

³ Applicants with international qualifications will need to have their qualifications assessed by the Australian Psychology Society.

Master of

EDUCATIONAL AND DEVELOPMENTAL PSYCHOLOGY ADVANCED

COURSE CODE: D6016 CRICOS CODE: 102716D

As a registered psychologist, this course will prepare you to practise as an educational and developmental psychologist in a range of settings including primary and secondary schools, health and welfare services, hospitals, care facilities, clinics and private practice and within business and corporate environments. You'll develop an advanced ability to think critically and analytically about the processes involved in educational and developmental psychology, and the application of these to professional practice and research.

You'll have the opportunity to apply theory to practice through 750 hours of supervised professional experience across the course.

Professional accreditation

The Master of Advanced Educational and Developmental Psychology course is accredited by the Australian Psychology Accreditation Council (APAC). With a further two years of supervised practice in educational and developmental psychology, graduates are currently eligible for endorsement as Educational and Developmental Psychologists with the Psychology Board of Australia (PsyBA).

Graduates also qualify for membership of the Australian Psychological Society, and meet requirements for membership of the College of Educational and Developmental Psychologists of the Australian Psychological Society.

Entry requirements

ELIGIBILITY	Duration
Applicants must have a current registration with the PsyBA, and EITHER:	
an APAC-accredited master's (coursework) degree in Psychology, OR	1
general registration as a psychologist with the PsyBA for a minimum duration of 12 months	

Additional requirements

You'll also need to:

- provide a supplementary form that demonstrates evidence of suitability for work as a professional psychologist and includes at least one referee report
- obtain a Working with Children check

Monash English language level

Level D (see page 90).

Career options

- School psychologist
- Guidance officer
- Child and adolescent counsellor.

2022 INTERNATIONAL GRADUATE COURSE GUIDE

Master of EDUCATIONAL

EDUCATIONAL LEADERSHIP

In this course you'll consider various constructs of leadership, including traditional and emergent leadership theories, cultural manifestations of leadership, the role of social justice in educational settings, and the persistent challenges facing leaders. You'll gain an understanding of how leadership interacts with, and responds to, the dynamics of policy, politics and power in differing contexts, and how this shapes education and learning.

In your final semester, you'll immerse yourself in a project tailored to your specific interests, which will deepen and enhance your learning, and prepare you for the next step in your career.

Graduate Diploma of PROFESSIONAL PSYCHOLOGY

COURSE CODE: D5002 CRICOS CODE: 084063A

Our Graduate Diploma of Professional Psychology is designed to meet the requirements of the Australian Psychology Accreditation Council (APAC) for a generalist fourth-year in psychology.

This course is suited to those who want to pursue advanced graduate study in psychology at master's or doctoral level, or to undertake supervised psychological practice.

By studying our Graduate Diploma of Professional Psychology, you're offered advanced study of psychology, research training and an introduction to psychological practice. You'll be able to choose an elective from topics including developmental psychology and wellbeing, or positive psychology in professional practice. After graduating, you can undertake further training and study needed for professional registration in psychology.

Professional accreditation

Our psychology courses are accredited by the Australian Psychology Accreditation Council (APAC). Professional accreditation ensures those graduating from the courses hold degrees recognised by employers, and adhere to state and national accreditation standards.

Entry requirements

ELIGIBILITY	Average requirements ¹	Duration
Bachelor's degree (or equivalent) with a major in psychology from any course accredited by the APAC. Please note that qualifications need to have been completed within the past 10 years ²	Distinction (70%) ³	1

Monash English language level

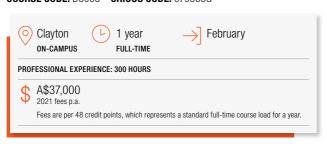

Level D (see page 90).

Career options

- General registration as a psychologist (after additional studies to complete the required pathway).
- · Private practice, health and welfare services, and business environments.

Master of **PROFESSIONAL PSYCHOLOGY**

COURSE CODE: D6008 CRICOS CODE: 079583G

Our Master of Professional Psychology is designed to meet the requirements of the Australian Psychology Accreditation Council (APAC) and the Australian Health Practitioner Regulation Agency (AHPRA) for a generalist fifth year in psychology.

This course equips selected psychology graduates with the advanced psychotherapeutic skills required for general registration as a psychologist. It develops your professional capability to apply the theoretical, research, assessment and therapeutic skills involved in psychology.

Following graduation, you'll be able to undertake a year of supervised generalist practice, then progress to full registration as a psychologist.

Professional accreditation

Our psychology courses are accredited by the Australian Psychology Accreditation Council. Professional accreditation ensures those graduating from the courses hold degrees recognised by employers, and adhere to state and national accreditation standards.

Entry requirements

A fourth year of psychology study from any course accredited by the APAC, which may be a graduate diploma or a bachelor's honours degree. Please note qualifications must have been completed within the past 10 years ² High Credit (65%) ⁴ 1	ELIGIBILITY	Average requirements ¹	Duration

Master of TEACHING

COURSE CODE: D6001 CRICOS CODE: 084062B

Do you have an undergraduate degree in any discipline, and want a career as a global educator and teacher?

Our curriculum combines theory and professional experience, giving you the skills and professional values to become an effective educator. You can choose to specialise in early childhood, primary or secondary education – or a combination. Through engagement with the latest thinking and practices, you'll be able to effectively foster the learning of students with various ages and needs.

You'll complete a minimum of 60 days' teaching practice with opportunities in urban, rural, remote and international settings and schools.

Professional recognition

Specialisations in early childhood education are accredited by the Australian Children's Education and Care Quality Authority (ACECQA).

All primary and secondary education specialisations are accredited by the Victorian Institute of Teaching (VIT) using the national accreditation standards.

Specialisations

SPECIALISATION	TEACH PUPILS AGED	CAMPUS	PROFESSIONAL EXPERIENCE
Early childhood education	0-5 years	Clayton	60 days
Early childhood and primary education ²	0-12 years	Clayton	70 days
Primary education ²	5-12 years	Peninsula	60 days
Primary and secondary education ³	5-18 years	Clayton	60 days
Secondary education ^{4, 5}	12-18 years	Clayton	60 days

Entry requirements

ELIGIBILITY	Average requirements ¹	Duration
Bachelor's degree (or equivalent) in any field ^{2,3,5} Please refer to footnotes 2, 3 and 5 for more information on entry requirements for specific specialisations.	Credit (60%)	2

Additional requirement

Applicants must sit the CASPer test. CASPer is a requirement for many of the initial teacher education courses in Victoria. It's a non-cognitive online test designed to assess an applicant's personal and professional attributes. For further information on the test, visit monash.edu/

education/takecasper

Enrolment considerations

 All students enrolled in Australian initial teacher education courses must 'achieve the standard' in the National Literacy and Numeracy Test prior to graduating⁶.

Special requirements for professional experience

To participate in professional experience you must:

- meet specific security clearances relevant to the stat/territory/country where the professional experience is undertaken
- · meet specific immunisation requirements (for Early Childhood or Early Childhood and Primary specialisation)
- complete professional experience orientation provided by the faculty.
- undergo a Working With Children Check.

Monash English language level

Alternative exits⁷

- Graduate Certificate of Educational Learning
- Graduate Diploma of Educational Learning

Career options

- Early childhood educator
- Primary teacher
- Secondary teacher

¹ In equivalent Monash University grading scale terms, a 100% scale where 50% is a pass. Your prior qualification/s must be accredited to the equivalent Australian level specified in the eligibility requirements table Admission into the course is competitive and may require a higher overall average than the minimum requirement.

2 If you're applying for the dual-sector early childhood and primary education specialisation or the primary education specialisation, you must have at least one year of full-time equivalent study relevant to one or more

learning areas of the primary school curriculum. Most undergraduate degrees cover one or more of these required learning areas, meeting this requirement

³ If you're applying for the specialisation in primary and secondary education, you need to have at least one year of full-time equivalent study relevant to one or more learning areas of the primary school curriculum and at least a major study in one secondary teaching area. See the faculty website for more information, monash.edu/education. Applicants should also indicate that they will accept any teaching area for which they are

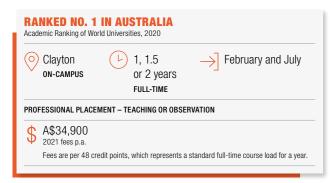

deemed qualified. 4 This can also be studied as an accelerated course, where you'll be required to undertake more than the standard annual load of 48 credit points in year one in order to complete the course in 1.5 calendar years.

The fee quoted is based on 48 credit points of study for one standard year. You'll therefore be required to pay a higher fee in year one where more than the 48 credit points is required.

⁵ If you're applying for the specialisation in secondary education, you need to have appropriate discipline studies to qualify for two teaching specialist areas or one double teaching specialist area with at least a major study in one secondary teaching area and a second teaching area comprising at least a minor study. See the faculty website for more information, monash.edu/education

⁶ This requirement applies to students in all specialisations except early childhood education.

⁷ These exit awards don't qualify graduates to be registered or employed as teachers.

This course is suitable for a wide range of educators, prospective educators and other professionals working in the field of English language teaching, and leads to a graduate qualification in TESOL (Teaching English to Speakers of Other Languages).

This course will assist you in understanding the connections between theory and practice, and the importance of developing strong evidence-based principles in English language teaching and learning.

The Master of TESOL has a professional placement in the final semester. You'll choose between a teaching or observation placement, to consolidate your learning and gain further understanding of work environments prior to graduating.

This course doesn't provide a recognised initial teaching qualification. Students seeking an initial teaching qualification should refer to the Master of Teaching course.

Master of ENGINEERING

COURSE CODE: E6014 CRICOS CODE: 104589A

At Monash you'll learn from academics who are the leading experts in their field, and have access to some of the world's finest facilities that will enhance your personal learning experience.

This course will extend your knowledge in your chosen specialisation area and advance your leadership and complex problem-solving skills in a cross-cultural environment. You'll be well-positioned to lead and deliver sustainable engineering solutions.

The Master of Engineering provides valuable opportunities to apply your skills through Work-integrated Learning and real-world projects to give you the professional and industry experience that sets you apart.

Master of

PROFESSIONAL ENGINEERING

COURSE CODE: E6011 CRICOS CODE: 102717C

Engineers are in demand to deliver sustainable solutions for society's global challenges: clean water, advances in medical technology, inclusive and sustainable industrialisation, resilient infrastructure. and high quality food production.

At one of Australia's leading engineering schools, you'll have access to some of the world's finest facilities, including the Makerspace and the latest interactive learning spaces in the new smart technology enabled Woodside Building for Technology and Design.

Whether you've completed undergraduate studies in engineering or in another science-related field, the Master of Professional Engineering will provide you with the technical knowledge and hands-on experience to practice as an accredited engineer.

In this course, you'll specialise in engineering technical, research and professional units and undertake real-world projects, blending theory and practice. You'll be prepared for a successful career through continuous professional development and relevant industry experience in the Work-integrated Learning program. Gain practical experience and develop the professional skills and confidence to create positive change.

Build on your undergraduate experience, change direction or develop expertise in another specialisation to further your career aspirations and become a highly employable Monash engineer.

Materials engineering

Mechanical engineering

Specialisations

- Chemical engineering
- Civil engineering
- Electrical engineering
- **Professional accreditation**

The Master of Professional Engineering has been designed to meet the stage one competencies for accreditation by Engineers Australia (EA). The accreditation process for full recognition by EA has commenced and currently has provisional accreditation. The master's degree will be an internationally recognised qualification which allows you to work as a professional engineer in Australia and other Washington Accord signatory countries.

Entry requirements

ELIGIBILITY	Average requirements ¹	Duration ²
Bachelor's degree (or equivalent) with prior studies in mathematics (including linear algebra and calculus), physics and/or chemistry as required by the specialisation chosen for admission	High credit (65%)	3
Bachelor's degree (or equivalent) in engineering ³	High credit (65%)	2

Career options

- · Manage or contribute to complex projects for public, private or non-governmental organisations
- Consultant, entrepreneur or CEO of your own company
- Lead specialist engineer in your field/s of expertise

Do you have a Science-related degree?

You can now pursue a career in engineering at Monash if you have a degree in a STEM-field, such as science, mathematics or pharmacy⁴. A new foundation year has been introduced to provide you with the skills to become an accredited and in-demand engineer.

Master of ARTIFICIAL INTELLIGENCE

COURSE CODE: C6007 CRICOS CODE: 103000K

Artificial Intelligence (AI) has the ability to transform every aspect of our lives - from cars driving themselves to robots performing complex surgery. Al can help to predict the path of bushfires, detect early-stage skin cancers, and counteract false and polarising information on social media. It informs business decisions, optimises operations, and drives outcomes of leading companies. The potential of AI is infinite.

Monash is the only university among the prestigious Group of Eight to offer a comprehensive Master of Al. This course will equip you with the skills and knowledge to achieve innovative outcomes. Under the guidance of internationally recognised experts, you'll have an opportunity to apply your knowledge to real-world challenges to influence a range of industries including healthcare, agriculture and manufacturing.

Graduate Diploma of AUSTRALIAN LAW

COURSE CODE: L5002 CRICOS CODE: 097660F

Do you already have a law qualification from a non-Australian jurisdiction?

If so, the Graduate Diploma of Australian Law can help prepare you to satisfy the academic requirements needed for admission in Victoria.

The course comprises three components: an introduction to the Australian legal system; core law units required for admission to practise in Victoria; and law elective units. The number of credit points and selection of core units will depend on the jurisdiction in which you earned your existing law qualification.

Entry requirements

Selection is based on your previous academic achievement in your prior qualification/s.

Bachelor's degree (or equivalent) in law from a non-Australian jurisdiction

1

Additional requirements

Applicants must have a letter from the Victorian Legal Admissions Board (VLAB) stipulating which areas of law are required to meet the academic eligibility requirements for admission to practice in Victoria. The letter from VLAB must be dated within 12 months of submitting your application for study.

Monash English language level

Level A (see page 90).

JURIS DOCTOR

COURSE CODE: L6005 CRICOS CODE: 094912D

This degree satisfies the academic requirements for admission to practise as an Australian lawyer.

Our Juris Doctor (JD) is an intensive, graduate-entry law degree designed for non-law graduates. It develops advanced professional skills in problem-solving, critical thinking, research, communication, collaboration, self-management, ethical awareness and professional judgement.

The JD recognises the specific needs of graduate entrants and teaches the skills available only from one of Australia's leading law schools. Small class sizes and innovative teaching promote interactivity and in-depth learning.

Clinical education experience

Monash Law now offers a guaranteed clinical education experience for all students who wish to incorporate a practical component credited towards their Monash Law degree.

Entry requirements

You must satisfy one of the foll	lowing three options:	
Bachelor's degree (or equivalent) in a least a Grade Point Average (GPA) of scale (or equivalent credit average) ² .	f 5.0 on a 7-point	_
Bachelor's degree (or equivalent) in any field with a GPA of a 5.0 on a 7-point scale (or equivalent credit average) ²	Incomplete studies in a law admission degree course, a minimum GPA of 5.0 on a 7-point scale in the law studies, with no fail result in the final year ⁴	3
Bachelor's degree (or equivalent) in least a GPA of 4.0 on a 7-point scale (taken within five years prior to apply	e and LSAT score of 150+

COURSE CODE: M6030 CRICOS CODE: 095646

The Master of Biotechnology integrates biotechnology and entrepreneurship through a range of multidisciplinary coursework, research and work-integrated units in modern areas of studies that pave the way to myriad employment prospects.

This new course integrates biotechnology and entrepreneurship, and equips you with the skills and knowledge to work in one of Victoria's fastest-growing sectors.

In addition to the industry placement program and research project, there are a range of coursework electives in interdisciplinary fields of pioneering developments in biotechnology research and enterprise.

Entry requirements

ELIGIBILITY	Average requirements ¹	Duration ²
Bachelor's degree (or equivalent) in a relevant area of study ⁴	Credit (60%)	2
Bachelor's (hons) degree (or equivalent) in a relevant area of study ⁴	Distinction (70%)	1

Monash English language level

Level B (see page 90).

Alternative exit

Graduate Diploma of Biotechnology

Career opportunities

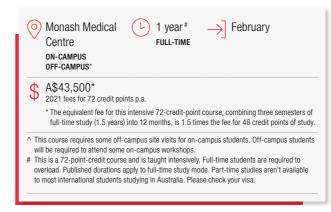

Our graduates can pursue work in a range of areas, including:

- Biotechnology companies and start-ups
- Medical device companies
- Medical or pharmaceutical sales
- Patents offices
- Pharmaceutical companies
- Regenerative medicine
- · Regulatory agencies.

Master of

CLINICAL EMBRYOLOGY

COURSE CODE: M6010 CRICOS CODE: 028955G

Monash's reputation as a world leader in this field has been longestablished. The intensive training in this Master of Clinical Embryology will give you the knowledge and practical skills to contribute to human infertility clinical services.

Through this internationally renowned course, your studies will include the foundations of mammalian embryology, a detailed assessment of all infertility treatment strategies, and the theoretical basis behind embryo production, embryo selection and cryopreservation, with a focus on all current and future technologies associated with assisted reproductive technology.

Entry requirements

ELIGIBILITY ¹	requirements ²	Duration
Bachelor's degree (or equivalent) in a related field ³ , OR	Second-class honours or above	
Bachelor's degree (or equivalent) + a minimum of one year of full-time equivalent relevant professional experience in embryology or reproductive biology	Pass (50%)	1
Bachelor's degree (or equivalent) and a Graduate Diploma in Reproductive Science from Monash University ⁴	Distinction (70%)	

Additional requirements

- all applications are assessed on academic merit and relevant experience
- a curriculum vitae including work experience and two referees and/or work references, where applicable
- · a statement of purpose (under 200 words) outlining why you wish to join this course.

Monash English language level

Level A (see page 90).

Alternative exit

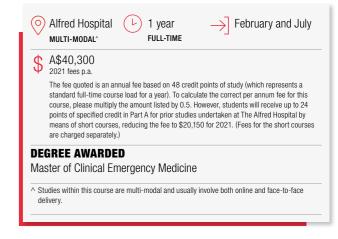

Graduate Diploma of Clinical Embryology

Career opportunities

Our course is the longest-running in the AsiaPacifc region. We've received global recognition for producing high-calibre embryologists. As a result, Monash graduates are highly sought after by IVF clinics and are employed as embryologists and lab managers around the world.

CLINICAL MEDICINE

COURSE CODE: M6023 CRICOS CODE: 0972986

Through our Master of Clinical Master of Clinical Emergency Medicine, you'll advance your career as you join the next generation of leaders in emergency medicine.

Delivered in partnership with the Alfred Hospital, this course will give you an academic framework to develop a range of advanced problemsolving and decision-making skills to achieve best-practice health outcomes for patients.

Specialisations

Clinical Emergency Medicine

Entry requirements

Duration ELIGIBILITY Bachelor of Medical Science and Doctor of Medicine⁵ (or equivalent), AND Registration with the Australian Health Practitioner Regulation Agency or equivalent accredited professional registration body, AND Minimum two years' equivalent full-time experience in a related discipline and evidence of current engagement in clinical practice in specialisation

Additional requirements

- Working with Children check
- You'll also need to meet additional requirements and provide evidence of suscessful course completion, including all elements of assessment. Please visit monash.edu/study/course/M6023

Monash English language level

Level A (see page 90).

¹ In equivalent Monash University grading scale terms, a 100% scale where 50% is a pass. Your prior qualification/s must be accredited to the equivalent Australian level specified in the eligibility requirements table 2 Even if you're eligible for a shorter course duration, you may elect to complete the longer duration.

³ Related fields include: Biomedical Sciences (anatomy, biochemistry, bioengineering, bioinformatics, biomedical engineering, biotechnology, clinical medicine, dental science, developmental biology, dietetics, genetics, immunology, medicine, microbiology, molecular biology, nutrition, pharmacology, pharmacy, physiology, veterinary science); **Life Sciences** (biology, zoology); **Allied Health** (physiotherapy, occupational therapy). Where an applicant has the equivalent of a three-year Australian bachelor's degree in a non-related discipline, the selection panel will instead consider relevant and significant work experience as equivalent.

⁴ A bachelor's degree in one of the following: biomedical science, science, science with a major in (biochemistry, biotechnology, biology, developmental biology, human biology, marine biology, human pathology genetics, pharmacology, immunology, microbiology, molecular biology, physiology and zoology), nutrition sciences, dietetics, veterinary science, medical engineering, pharmacy, bioengineering, biotechnology, life science, clinical medicine, dental science/dentistry, or bioinformatics

^{1.} The Master of Clinical Embryology is a high-demand course. There's a guota on the number of successful applicants. Applicants meeting the minimum academic requirements aren't guaranteed entry.

² In equivalent Monash University grading scale terms, a 100% scale where 50% is a pass. Your prior qualification/s must be accredited to the equivalent Australian level specified in the eligibility requirements table

³ Related fields include medicine, veterinary science, science or biomedicine. 4 Or equivalent qualification from another institution approved by the faculty.

⁵ Or an equivalent medical degree recognised by the Medical Board of Australia) You must also have a current appropriate study visa (e.g. Training Visa)

CLINICAL RESEARCH

COURSE CODE: M6028 CRICOS CODE: 102718B

NURSING AND HEALTH SCIENCES

MEDICINE,

The only course of its kind in Victoria, our Master of Clinical Research develops the analytical and communication skills necessary to work in the broad domain of clinical research and practice.

Through this program, you'll develop a detailed understanding of biostatistics, epidemiology, data management, clinical trials, clinical measurement, ethical practice, systematic reviews and meta-analysis, and critical appraisal of the scientific literature for application in research and clinical practice.

Taught by some of Australia's leading clinical academics and with flexible content delivery, our curriculum is designed to help you balance the demands of a busy workflow with the need to engage in further professional development.

Specialisations

- Clinical research
- Translational medicine

The degree you're awarded will reflect your chosen specialisation.

Entry requirements

ELIGIBILITY	Average requirements ²	Duration ³
Bachelor's degree (or equivalent) in a related field ⁴	Credit (60%)5	2
Bachelor's degree (or equivalent) in a related field ⁴ with a research Honours, or a Monash University Bachelor of Public Science	Credit (60%) ⁵	1.5
Bachelor's degree in a related field $^{\! 4}$ + a minimum of two years of relevant work experience		

Additional requirements

Relevant work experience or a statement from an employer to substantiate your period of employment.

Monash English language level

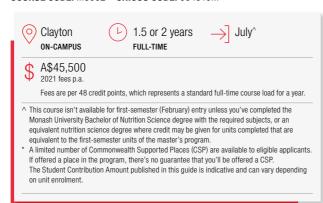

Level A (see page 90).

Alternative exits

- Graduate Certificate of Clinical Research
- Graduate Certificate of Clinical Research (Translational Medicine)
- Graduate Diploma of Clinical Research
- Graduate Diploma of Clinical Research (Translational Medicine)

Master of DIETETICS

COURSE CODE: M6002 CRICOS CODE: 084910M

This course integrates academic teaching and learning with clinical, population health, food service, research and management experience, and is carried out in both academic and professional practice placement settings. You'll complete supervised placements in both clinical and community settings, gaining a breadth of professional experience.

There are also plenty of opportunities to apply your dietetics knowledge outside of the classroom. You'll learn through simulated patient scenarios, hands-on food activities and by working in Monash's on-site nutrition clinic.

Professional accreditation

This course has been accredited by Dietitians Australia.

Entry requirements

ELIGIBILITY ¹	Average requirements ²	Duration ³
Bachelor's degree (or equivalent) in a related field ⁶ (a second food /nutrition subject at any level is desirable) ⁷	Credit (60%)	2
Bachelor's degree (or equivalent) in nutrition science ⁸	Credit (60%)	1.5

Special requirements

Upon enrolment you'll be asked to:

- · comply with the mandatory immunisation requirements in readiness for clinical/fieldwork placements
- obtain a Police Check (annual requirement)
- obtain a Working with Children Check.

Monash English language level

Level C (see page 90).

Alternative exit

Graduate Diploma of Health Studies

Career options

- Consultancy or private practice
- Food industry
- Food service and management
- · Patient care

1 Your undergraduate degree must include: four units in chemistry/biochemistry, four units in human biology and human physiology, one unit in human nutrition and one unit in research methods. Your undergraduate degree must have been completed in the past 10 years unless you have been assessed as having work experience that the Faculty considers equivalent. There are limited places available in this course. The entry score is only indicative

- 2 In equivalent Monash University grading scale terms, a 100% scale where 50% is a pass. Your prior qualification/s must be accredited to the equivalent Australian level specified in the eligibility requirements table
- 3 Even if you're eligible for a shorter course duration, you may elect to complete the longer duration. 4 Related fields include public health science and medicine
- 5 Or an equivalent GPA as approved by the faculty.
- Related fields include biomedical science, science, health sciences, nutrition, food science and exercise science.
- 7 For example: food science, nutrition science, lifespan nutrition.
- 8 In addition, your undergraduate nutrition science degree will need to be assessed as providing equivalent content and assessment as the master's semester one units which include nutrition and chronic disease, current public health nutrition practice, health education and promotion, nutrition across the lifespan, food regulation in Australia, cultural competency and professional development as a dietitiar

ADVANCED HEALTH CARE PRACTICE

COURSE CODE: M6001 CRICOS CODE: 084615G

Are you a medical practitioner, nurse, midwife, occupational therapist, physiotherapist, radiographer, radiation therapist, paramedic, primary healthcare practitioner or manager? The Master of Advanced Health Care Practice is a pathway for professionals like you to gain a master's-level qualification that enhances your qualifying course/entry-level course and provides the widest range of career options for the future. This course is interprofessional, and you'll complete a common module – Essentials of advanced healthcare practice and research – that reflects the collaboration required in practice to deliver the highest-quality healthcare.

Specialisations

- Midwifery (M60018)
- Paramedicine (M6001B)

Entry requirements

ELIGIBILITY ¹	Average requirements ²	Duration
Bachelor's degree (or equivalent) in a related field + registration with the Australian Health Practitioner Regulation Agency (AHPRA) or equivalent accredited professional registration body + a minimum of two years' equivalent full-time experience in a related discipline and evidence of current engagement in clinical practice in the area of specialisation	Credit (60%)	1.5
Bachelor's (hons) degree (or equivalent) or four-year entry-to-practice undergraduate degree in a related field* OR	Credit (60%)	1
Bachelor's degree (or equivalent) in a related field ⁴ with submission of an extensive professional portfolio assessed by the faculty, OR		
Bachelor's degree (or equivalent) + a graduate diploma (or equivalent) or master's qualifying degree (or equivalent) in a related field ^{4,5} , AND		
Registration with AHPRA or an equivalent accredited professional registration body + a minimum of two years' equivalent full-time experience in a related field and evidence of current engagement in clinical practice in area of specialisation		

Special requirements

Upon enrolment you'll be asked to:

- comply with the mandatory immunisation requirements in readiness for clinical/fieldwork placements
- obtain a Police Check (annual requirement)
- · obtain a Working with Children Check.

Bachelor of

MEDICAL SCIENCE AND DOCTOR OF MEDICINE

COURSE CODE: M6018 CRICOS CODE: 0101541

Our graduate-entry medical program is designed as an integrated, interdisciplinary curriculum. It will prepare you to graduate with the knowledge, skills and attributes of a beginning medical practitioner.

You'll see the discoveries of our renowned researchers put into clinical practice and benefit from our links with the largest healthcare provider network in Australia, which includes the Monash Medical Centre, The Alfred (Melbourne's major casualty hospital), Eastern Health, and Victorian health services in rural, regional and outer metropolitan Melbourne

Professional accreditation

This course is professionally accredited by The Australian Medical

Entry requirements

ELIGIBILITY	Duration
Successfully completed (or be in the final year of completing) degree with significant and broad biomedical science content from an internationally recognised university with a minimum grade-point-average of 6.0 out of 7.01	4

Additional requirements

You'll be ranked on your academic results. If you're shortlisted, you'll be invited to attend a Multiple Mini Interview (MMI) and will have to complete a Situational Judgement Test (SJT) as part of the selection process. Note: applicants aren't required to undertake the GAMSAT.

Special requirements

Upon enrolment you'll be asked to:

- comply with the mandatory immunisation requirements in readiness for clinical/fieldwork placements
- obtain a Police Check (annual requirement)
- obtain a Working with Children Check
- · obtain a current Level 2 First Aid certificate (by end of the first semester) – highly recommended.

Monash English language level

Master of **ADVANCED NURSING**

COURSE CODE: M6006 CRICOS CODE: 098319M

The Master of Advanced Nursing prepares you for leadership roles in management and education.

You'll develop advanced-practice knowledge and leadership in specialist practice, including skills to plan, implement, coordinate and evaluate healthcare, as well as the ability to formulate policy for a diverse and multicultural society.

The program has flexible teaching delivery options, and offers a range of individual career pathways, including nursing, education or management positions within industry, government or independent professional practice.

Most specialisations can be taken by coursework, or a combination of coursework and research.

Specialisations

- Advanced nursing studies (Clayton, Peninsula)
- Disaster nursing (Peninsula)
- Nursing education (Peninsula)
- Nursing leadership and management (Clayton)
- Trauma nursing (Clayton).

Entry requirements

ELIGIBILITY	Average requirements ¹	Duration ²
Bachelor's degree in nursing (or equivalent)	Credit (60%)	2
Bachelor's degree in nursing (or equivalent) + a minimum of two years' full-time equivalent relevant professional experience in nursing	Credit (60%)	1.5
Bachelor's (hons) degree (or equivalent) in a related field ³	Credit (60%)	1

Additional requirements

You'll also need to submit:

- an application letter advising specialisation
- certified evidence of current nursing registration.

Special requirements

Prior to clinical placements, you'll be asked to:

- comply with the mandatory immunisation requirements in readiness for clinical/fieldwork placements
- obtain a Police Check (annual requirement)
- obtain a Working with Children Check.

Monash English language level

Level B (see page 90).

² Even if you're eligible for a shorter course duration, you may elect to complete the longer duration

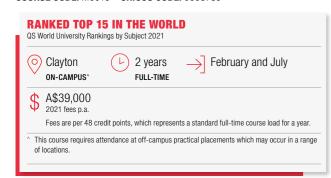

³ Discipline study relevant to the specific area of specialisation

NURSING AND HEALTH SCIENCES

MEDICINE,

Master of NURSING PRACTICE

COURSE CODE: M6016 CRICOS CODE: 068373J

From the very beginning of your course, you'll be immersed in an intensive program where you'll develop your clinical experience and skills in an environment that reflects what modern-day healthcare looks, feels and sounds like. These clinical learning environments also use high-fidelity mannequins that react to the treatment you give them, using the same equipment you'd be expected to use in your hospital/clinical placements. Clinical placements will be conducted in metropolitan and regional Victoria, where you'll put classroom concepts into practice on the wards and really start to explore the science and art of nursing and midwifery practice.

Once graduated, you'll be skilled in problem-solving and clinical reasoning, competent and safe in your practice of clinical nursing skills, and able to work within legal and ethical standards of practice to provide high-quality nursing care.

Professional recognition

Successful completion of the course will lead to eligibility for registration as a registered nurse with the Nursing and Midwifery Board of Australia (NMBA) provided that you've also met the current NMBA Registration standard: English language skills. Registration with the NMBA is a legal requirement for practicing as a registered nurse in Australia.

Entry requirements

ELIGIBILITY ¹	Average requirements ²	Duration
Bachelor's degree (or equivalent) excluding a Bachelor of Nursing ^{3, 4}	Credit (60%)	2

Special requirements

Upon enrolment you'll be asked to:

- comply with the mandatory immunisation requirements in readiness for clinical/fieldwork placements
- obtain a Police Check (annual requirement)
- · obtain a Working with Children Check.

Extra requirements

In addition to meeting the Monash English requirement, applicants must demonstrate English language proficiency either by providing a written declaration that English is their primary language or evidence that they have achieved the minimum English language test results as specified in the NMBA English language skills registration standard, or hold current registration with APRHA as an enrolled nurse.

3 Applicants who are already registered nurses in Australia or overseas aren't eligible to be considered for this course.

Monash English language level⁵

1 There are limited places available in this course. The entry score is only indicative

Level D (see page 90).

Master of

OCCUPATIONAL AND ENVIRONMENTAL HEALTH

COURSE CODE: M6026 CRICOS CODE: 028957E

You'll learn to systematically control related hazards and exposures within a broad range of workplace and community environments.

You'll be equipped to take responsibility for high-level independent judgements, and initiate, implement and evaluate risk management interventions within varied occupational and environmental contexts.

This course is particularly suited to medical practitioners, nurses, allied health personnel, scientists, and occupational health and safety managers. It's offered by off-campus learning, however compulsory block attendance is required each semester.

Professional Accreditation

This course is professionally accredited by the Australian OHS Education Accreditation Board.

Entry requirements

ELIGIBILITY	Average requirements ²	Duration
Bachelor's degree (or equivalent) in a related field	Pass (50%)	1.5

Additional requirements

You'll need to submit:

- a curriculum vitae showing relevant industry experience
- a statement of purpose (250 words) outlining reasons for undertaking

Monash English language level

Level A (see page 90).

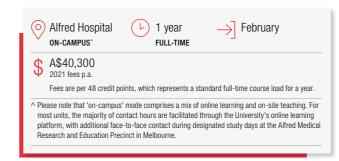

Alternative exits

- Graduate Certificate of Occupational Health

- 10 Or equivalent registration approved by the faculty.

Graduate Diploma in

REPRODUCTIVE **SCIENCES**

COURSE CODE: M5010 CRICOS CODE: 019066D

Gain broad knowledge and receive practical training in the applications of reproductive biology in animals and humans, and explore the social and ethical issues these raise.

You'll be learning from an impressive calibre of guest lecturers. All of our presenters are either academics with clinical backgrounds or currently have active clinical roles in IVF and fertility centres across Victoria, and many have internationally recognised careers.

On completion of the course, you'll be able to show a thorough theoretical understanding of human and animal reproductive sciences, and demonstrate practical techniques in human clinical and veterinary reproductive sciences.

You may also qualify for admission into the Master of Clinical Embryology or into higher degrees by research.

Entry requirements

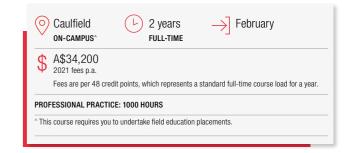

ELIGIBILITY	Average requirements ¹	Duration
Bachelor's degree (or equivalent) in nursing or biological, medical, agricultural or veterinary sciences, or equivalent qualifications or experience in the reproductive sciences gained after completing a pass degree in another field ²	Pass (50%)	1

Monash English language level

Level A (see page 90).

Master of **SOCIAL WORK**

COURSE CODE: M6012 CRICOS CODE: 090746A

This course prepares you for a career as a professionally qualified social worker.

It includes studies in theory, skills development and supervised professional practice, and opportunities for group-based learning. community engagement, practice research and integration of social work theory and practice.

The theoretical content builds on the knowledge you'll have acquired in previous higher education, while the social work skills components and professional practice introduce you to contemporary social work practice.

Professional Accreditation

The course is accredited by the Australian Association of Social Workers (AASW), and includes 1000 hours of supervised professional practice.

Entry requirements

ELIGIBILITY	Average requirements ¹	Duration
Bachelor's degree (or equivalent) and at least one year of full-time studies in the social and behavioural sciences ^{3,4}	Credit (60%)

Career opportunities

- Mental health
- Community and human service organisations
- Child protection and youth support services
- 1 In equivalent Monash University grading scale terms, a 100% scale where 50% is a pass. Your prior qualification/s must be accredited to the equivalent Australian level specified in the eligibility requirements table. There are limited places available in this course. The entry score is only indicative.
- 2 Bachelor of Science should include a major field of study in anatomy, biology, biochemistry, genetics, pharmacology, physiology, microbiology, immunology or zoology
- 3 Examples of suitable discipline majors within the Bachelor of Arts or Bachelor of Social degrees that would satisfy this requirement but are not limited to are: anthropology, community development, counselling, criminology, economics: with a health or social focus, geography with a human/social focus, Indigenous studies, international relations, philosophy, political science, sociology. Examples of suitable degrees that would satisfy this requirement but are not limited to are: education, health science, medicine, medical radiation science, midwifery, nursing, occupational therapy, paramedicine, physiotherapy, psychology, public health. Your past academic standing is also a significant factor in selection. For the most up-to-date requirements, visit monash.edu/study
- 4 Or equivalent qualification approved by the faculty.
- 5 Allied health includes: optometry, speech pathology, occupational therapy, physiotherapy, radiography/medical imaging, radiation therapy, medical ultrasound, paramedicine, dietetics, chiropractic, osteopathy, psychology, podiatry
- 6 Graduates of our Monash University Bachelor of Human Services are eligible for direct entry to the Master of Social Work, and will receive 24 points of credit, reducing the length of study from 2 to 1.5 years.

Master of

ENVIRONMENT AND SUSTAINABILITY

COURSE CODE: \$6002 CRICOS CODE: 089231E

Humanity is developing at a rate that's giving rise to widespread environmental, economic and social challenges.

If you're future-conscious and want to transform society through sustainable solutions, this is your chance to learn the skills you'll need. This course will give you the training, language and tools to be a leader in a rapidly growing field.

Get hands-on, real-world experience through an internship, or an interdisciplinary industry or research project or thesis to help drive innovation, and be taught by experts from multiple disciplines and sectors who are leading the environment and sustainability agenda in Australia and internationally.

Specialisations

- Corporate environmental and sustainability management
- Environment and governance
- Environmental security
- International development and environment
- Leadership for sustainable development.

Master of **FINANCIAL MATHEMATICS**

COURSE CODE: S6001 CRICOS CODE: 086157A

Do you have an aptitude and passion for mathematics and statistics, a keen interest in finance and insurance, and want to work for a major institution in finance, insurance or the money market?

Our Master of Financial Mathematics gives you a deep understanding of the finance world, and the ability to speak its language. Combining theory with hands-on practical skills via an industry placement or research project, the program ensures you'll graduate with the skills increasingly sought-after by banks and other financial institutions.

Entry requirements

Master of

FOOD SCIENCE AND AGRIBUSINESS

COURSE CODE: S6004 CRICOS CODE: 099361A

This degree recognises the urgent need to address the future of human food supply in the face of global population and environmental pressures, and the dependence of human welfare and geopolitical stability on food supply adequacy and accessibility.

The Master of Food Science and Agribusiness is a forward-thinking, interdisciplinary degree, involving the faculties of Science, Engineering, Medicine, Nursing and Health Sciences, and Business, as well as the Monash Food Innovation Centre.

The Master of Food Science and Agribusiness integrates the knowledge needed to recognise and address these future global challenges.

Entry requirements

ELIGIBILITY	Average requirements ¹	Duration ²
Bachelor's degree (or equivalent) in science, engineering, dietetics or health ³	Credit (60%)	2

GENOME ANALYTICS

COURSE CODE: S6005 CRICOS CODE: 0101962

With continued improvements in DNA sequencing technology, genomebased diagnosis and health management, the healthcare system stands at the gateway to a future where diseases are diagnosed early and precise treatments provided. However, in the absence of enough specialist genome analysts, we cannot translate and expand the discoveries from genome sequencing to the healthcare system, and ultimately improve health.

At Monash, we'll train you in specific technical and professional skills so that you're equipped to help the world take the next crucial steps in diagnostics and genomic medicine.

Entry requirements

ELIGIBILITY	Average requirements ¹	Duration ²
Bachelor's degree (or equivalent) with at least first-year Biology or related discipline studies ⁵	Credit (60%)	2
Bachelor's degree (or equivalent) in a related field ^{4, 5}	Credit (60%)	1.5

Master of

GREEN AND SUSTAINABLE TECHNOLOGIES

COURSE CODE: S6006 CRICOS CODE: 0101963

The Master of Green and Sustainable Technologies recognises the increasing demand for graduates with expertise in green chemistry to lead the transformation of chemical and other industries where the chemistry and chemical engineering play a crucial role, in delivering the products coming from those industries.

As a student in this program, you'll have the opportunity to design and implement new products and processes that will highlight the role that chemistry has to play in addressing the UN Sustainable Development Goals.

EXTERNAL SCHOLARSHIPS

Australia Awards

Australia Awards are prestigious international scholarships funded by the Australian government, and aim to contribute to the long-term development needs of Australia's partner countries. Monash offers a range of courses for the next generation of global leaders. To find out more, see the Australia Awards Scholarships information on the Department of Foreign Affairs and Trade website: www.dfat.gov.au

Other external scholarships

Monash has relationships with sponsors from numerous countries worldwide. These scholarships and sponsorships offer a range of benefits to recipients to enable them to study at Monash University.

monash.edu/scholarships

STUDY GRANTS

At Monash, we're committed to helping you make change to the world we live in. With International Study Grants valued at up to AUD\$10,000, as a credit towards your tuition fees, we'll help you reach your full potential and achieve your career goals and aspirations.

As an international student applying to study a graduate course at Monash University in Australia, you'll automatically be assessed for a Monash University International Study Grant offer.

- You'll need to have a conditional or full offer letter to study at a Monash Australia campus¹.
- Study Grants are offered at either AUD\$5000 or AUD\$10,000 (depending on the outcome of your assessment)²
- Depending on the offer amount, this is paid in either one or two payments of AUD\$5000² per semester (and the value is credited against your tuition fees).
- You must study a minimum 12-credit-point load per semester to maintain your grant.
- You can defer your grant. However, to remain eligible, you must take it up again in the same calendar year it was offered.

Please note that Monash University International Study Grants are limited, so we encourage you to apply early.

AM I ELIGIBLE?³

You must first apply for a Monash course. Monash University International Study Grants are awarded based on select eligibility criteria including:

- Study level new commencing students undertaking graduate degrees are eligible⁴
- Academic criteria you must meet our academic entry requirements and have a conditional or full offer letter to study at a Monash Australia campus
- Citizenship Monash is committed to providing equitable access to education from under-represented regions and countries. We're also dedicated to building a diverse student body cohort across our course offering.

For further information, visit monash.edu/study/fees-scholarships/international-study-grants

⁴ International Study Grants are offered according to set terms and conditions which are outlined in the grant offer letter.

¹ Study grants are offered at the discretion of Monash University Australia. Grants are limited.

The amounts, eligibility and conditions specified here are for international students commencing study in 2021. Amounts, eligibility and conditions for entry in 2022 may differ.

³ Please note that these Study Grants are not available for TNE or sponsored students. Some courses may be excluded. Please contact the university to find out more.

ENTRY REQUIREMENTS

When you apply to Monash University for a graduate degree by coursework, you must satisfy all of the following requirements:

1. Minimum age requirements

You must be at least 17 years of age to enrol in a Monash University course. Some exemptions may apply. For further information, visit monash.edu/admissions/age-requirements

2. Academic and additional entry requirements

All Monash graduate courses require you to have successfully completed a minimum of an Australian bachelor degree (or equivalent) and satisfy the academic entry requirements. Some graduate courses may also have additional and/or special requirements. Refer to the course specific pages to locate these requirements.

3. English entry requirements¹

All Monash University graduate courses require you to satisfy English entry requirements. Different English entry requirements apply to graduate courses, as outlined in this guide.

English entry requirements can be met in one of the following ways:

Language of instruction

You can meet the English entry requirements if you've completed studies at an institution where English is the language of instruction, communication and assessment for all aspects of study for the whole of the educational institution, by satisfactorily completing one year of full-time study (equivalent to 48 Monash-credit points) in one of the following qualifications:

• an Australian VET diploma level (or equivalent) that must be taken within two years prior to the Monash course commencement date; or

• an Australian bachelor's degree (or equivalent) that must be commencement date.

You may be required to submit documentary evidence in the form of an official letter from the institution at which the study was completed. This document must be written and signed by the institution's registrar (or other authorised person) of the education institution to the satisfaction of the Monash University Academic Board.

English proficiency tests

If you have not met English entry requirements as outlined above, Monash accepts the following English proficiency tests as satisfying English entry requirements, provided it has been taken within two years of the Monash course commencing date (other guidelines apply):

- Academic IELTS (International English Language Testing System): www.ielts.org
- Internet/Paper-Based TOEFL (American Test of English as a Foreign Language): www.ets.org
- Pearson Test of English (Academic): www.pearsonpte.com
- Cambridge Certificate in Advanced English (CAE) and Cambridge Certificate of Proficiency in English (CPE): www.cambridgeenglish.org

Monash University reserves the right to ask students to undertake an approved English proficiency test to meet English course requirements.

For more information regarding English entry requirements, refer to the Admission to Coursework Courses and Units of Study Procedures available at monash.edu/admissions-coursework-procedures

Please note that all entry requirements for Monash University are subject to change.

FEES

We're committed to providing you with an ever-evolving, modern, student experience where you can take charge of your studies while being guided by highly qualified educators who are informed by, and engaged with, industry and the community.

We're investing in innovative learning environments to deliver collaborative, contemporary and flexible learning opportunities. We embrace the opportunities offered by technology and innovation, and embed them in our teaching, in order to prepare you for any career you pursue, including those

Our blended learning environment – physical, digital and virtual – prepares you for the workplace, and makes your time at Monash both satisfying and transformative. This underlines our philosophy that the Monash experience extends far beyond university.

In setting our fees, we take into account various factors, including the Consumer Price Index, teaching costs, market trends, demand for expertise, and competitor pricing. We acknowledge that gaining an internationally recognised qualification comes at a cost, but we ensure that the price of our degree programs mirror the true cost of delivering a premium educational experience where you'll learn from some of the finest minds in the world.

To study at Monash University, you'll need to pay tuition fees to the University. As an international student, you'll be charged full fees. Tuition fees vary depending on the course and the year of commencement. All tuition fees and course durations specified in this guide are in Australian dollars and only apply to courses studied at Australian campuses. The tuition fees quoted are for 48 credit points and are applicable to courses commencing in 2021. Tuition fees for courses commencing in 2022 will be different.

Monash University reserves the right to adjust the annual tuition fees in future years of your course. Any adjustment will be applied on the first day of January each year for teaching periods with a census date thereafter.

monash.edu/study/fees-scholarships/fees

Overseas Student Health Cover (OSHC)

It's a condition of the Student Visa (subclass 500) that you must hold Overseas Student Health Cover (OSHC) for the duration of your stay in Australia. Monash University requires all commencing international students to purchase OSHC for the duration of their visa. If you're accompanied by immediate family to Australia as dependants on your student visa, you'll also need to purchase the visa-length OSHC for them.

Your Confirmation of Enrolment (CoE), for student visa purposes, will only be issued:

- once you've accepted your course offer along with payment for OSHC; or
- provided proof of having a valid visa-length OSHC; or
- you've submitted approved documentation for exemption from payment of OSHC; or
- nominated for Monash to purchase OSHC on your behalf with Monash's preferred OSHC provider.

monash.edu/fees/fee-types/overseas-health-cover

Each Monash course has an assigned Monash English Language Level that applies to Monash-approved English proficiency tests. Entry scores for each level are specified below.

HELPING YOU GET INTO MONASH

To succeed at Monash, you'll need excellent English language skills.

At Monash College, we're dedicated to preparing students for success at Monash University. By completing an English course at Monash, you'll gain fluency in English, and confidence in the academic skills required at Monash at a graduate level.

We offer three tailored English language programs designed to meet the specific requirements of the Monash course you're aiming to enter. When you apply, we'll assess your current skills and place you in the best program for your level and destination course.

English language courses

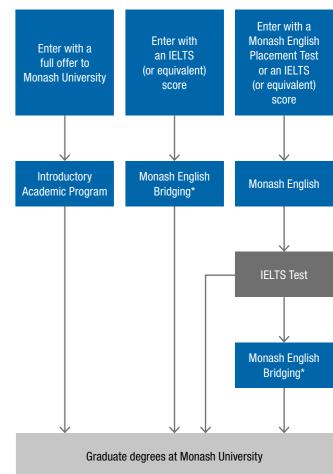

- Monash English (ME) a course with flexible duration designed to build on your current English proficiency and prepare you for entry into Foundation Year, Monash English Bridging or your preferred graduate degree.
- Monash English Bridging* (MEB) a course designed to prepare you for the English and academic expectations of graduate study at Monash. The course is only available to students who've met the academic requirements for their graduate course but have narrowly missed the English language requirements. Duration of the course is dependent on your current level of English proficiency. When you receive your offer, you'll receive a packaged offer for 10, 15 or 20 weeks, aligning to the intake of the University semester.
- Introductory Academic Program (IAP) a five-week course focused on further enhancing the study skills required for success at Monash.
 To be eligible, you must receive a full offer to study at Monash University.

For entry requirements, detailed course information and intake dates, visit ${\bf monash college.edu.au/courses}$

The benefits of English preparation at Monash

- 1. Be confident in the Monash teaching and learning style before you commence your degree.
- Benefit from our student-centric teaching style, giving you access to your tutors for immediate and personalised feedback.
- Be better-prepared for your Monash studies by learning academic skills essential to all degrees such as:
- how to write essays and academic reports
- how to reference your sources
- how to deliver presentations.
- 4. Study alongside like-minded students who have the same goal as you to study at one of the world's top universities.
- 5. Live in Melbourne while you study, and immerse yourself in the culture and lifestyle. You'll improve your academic English by attending class, and your general English by practising during everyday life.

Choose your English pathway

2022 INTERNATIONAL GRADUATE COURSE GUIDE

¹ The requirements for successful completion of MEB Standard, MEB Advanced and MEB Advanced plus are outlined at monashcollege.edu.au/courses/english/monash-english-bridging

² The 2022 Monash University Monash English language levels are specified under each course by referring to the 'Monash English language level' section in this guide

³ Not applicable to Monash University Monash English language level B.

^{*} Not accepted for entry into all graduate degrees

APPLICATION PROCESS FOR INTERNATIONAL STUDENTS

BEFORE YOU APPLY

Use monash.edu/study to check:

- the international entry requirements
- additional entry requirements for example, details of relevant work experience
- special course requirements
- fees
- closing dates
- · when courses start.

When should you apply?

As early as possible. Some courses may close a few months or a year before the start of the course, while others have quotas. Aim to have your online application submitted as early as possible. This allows time for your application to be processed and can help to ensure that you secure a place if your preferred course has limited places. Applying early also gives you time to get your student visa, which can take up to six months for some nationalities and countries.

HOW TO APPLY

STEP 1

Apply

All students must apply for a Monash University course online. Please refer to the following website for a step-by-step guide: **monash.edu/admissions/apply/online**

With your online application, please provide your academic documentation, including academic transcripts, graduation certificate and grading scales (indicating the pass mark and graduation requirements if applicable). Alternatively if you are yet to complete your qualification or haven't received your final academic documents, please provide your current transcript and indicate the qualification you are studying in your Monash application, and we may be able to make you a conditional offer. If you're applying for a course that has additional requirements, please also provide the necessary documentation with your online application.

You'll be required to provide original or certified academic documentation (or other supporting documents) upon request. For further information on certifying documents, visit monash.edu/study/how-to-apply/international-student-applications/certifying-documents

Need help with your application?

Contact us

monash.edu/study/how-to-apply/enquiries/ general-international-enquiry

Chat with Monash

If you're applying through a Monash agent, please contact them for assistance. Some agents may charge a fee for additional services, so please ask what these costs are before you make an appointment. Please ensure that your agent is an authorised agent by visiting monash.edu/study/how-to-apply/international-student-applications/agents-database

STEP 2

Your application is assessed

When your application is received, Monash University will assess your application according to University entry requirements.

Monash University is obliged to check that you're genuinely seeking temporary entry to Australia to study. If the University forms the opinion that you're not a Genuine Temporary Entrant (GTE), it may refuse to assess your application, withdraw an offer of a place, or cancel your confirmation of enrolment.

If your application is successful, you'll receive a full offer in the form of an International Student Course Agreement (ISCA). Instructions will be supplied on how to accept your offer, including the fees and Overseas Student Health Cover (OSHC) you need to pay.

If we're not able to make you a full offer immediately, you may receive a conditional offer. A conditional offer means you must submit more information and meet the requirements specified in the ISCA. Usually, the information we need is documentation (for example, official final transcript, graduation certificate or an English proficiency test) to see if you meet the specific entry requirements for the course you've applied for. We'll explain what's needed in the ISCA. Please submit the documentation to us as soon as possible, or contact us if you need any help. If you're not successful for your first preference, your application will be considered for your next preference.

Defer your studies

If you decide to delay your course commencement date, you have the option to apply to defer your studies. Monash generally allows deferment of study up to a maximum of twelve months, or longer in exceptional circumstances. You can send your deferral request to mu.documents@monash.edu.

Other deferral guidelines apply, refer to: monash.edu/study/how-to-apply/after-you-apply/defer-or-change-your-course

STEP 3

Accepting your offer

To accept your offer, you need to follow the instructions in your ISCA. You must complete, sign and return Part A of your ISCA, along with payment and a photocopy of the personal details page of your passport to Central Admissions, before the offer-lapse date. Your payment should include OSHC (as specified in your ISCA) for the duration of your visa for yourself and any family members accompanying you to Australia.

When making payment it should be noted that:

- Monash University doesn't accept cash;
- · dishonoured bank drafts may incur additional bank fees, and
- you may need to notify your bank of large deductions on your account.

Bank drafts will need to be mailed to Central Admissions. Please ensure you include your full name and Monash student ID on the back of the bank draft.

STEP 4

We send you a Confirmation of Enrolment (CoE) and enrolment package

Once you accept your full ISCA or packaged ISCA (with no academic conditions specified you'll receive a CoE and an invitation to set up your electronic Monash account and enrol online in units of study.

You'll need the CoE to apply for a student visa. See below information on how to arrange your student visa.

You need to plan your course and enrol early so that you can get the best possible start. Information about enrolment process and course-specific enrolment and arrival dates are available at **monash.edu/get-started**

Following this, you'll receive:

- · your welcome letter, and
- Destination Monash your complete guide to living in Australia and studying at Monash University, and
- a series of emails with useful information and resources to help with your transition to Monash.

STEP 5

Arrange your student visa

The Department of Home Affairs (DHA) is responsible for issuing visas for entry to Australia. In general, as an international student you'll need a student visa to study at Monash, and under a student visa, you may only enrol in a Commonwealth Register of Institutions and Courses for Overseas Students (CRICOS) registered course.

You're advised not to commence the visa application process until you've been issued with your CoE. You must keep in mind that your student visa application may take up to six months or more, depending on your nationality and country of residence. When applying for a student visa, you'll need to meet all core visa criteria, such as the GTE requirement, good character and health criteria. Financial capacity and English language proficiency documentation may also be required.

Further information can be located at:

- monash.edu/study/how-to-apply/international-studentapplications/visa-requirements
- monash.edu/connect/student-visa

STEP 6

Register your arrival and attend orientation

Make your own travel arrangements, aiming to arrive in Melbourne at least two weeks before orientation. Orientation activities at Monash University happen before the semester starts and are designed to help you settle in. Some orientation activities focus on providing more information about your studies, while other activities are designed to help you meet new people and become familiar with our amazing campuses. Use the orientation ePlanner to create a personalised orientation plan. Visit **orientation.monash**

If you wish to use our airport reception service, you need to complete and return the request form available at **monash.edu/study/book-your-airport-reception**

If you require help with arranging accommodation, visit monash.edu/ study/student-life/accommodation
